

September 14, 2023: Attention Warren Woods Subdivision customers in House Springs, Mo.

Due to repairs being made today by Franklin County Labs, customers may experience no water/low water pressure for the next three to four hours. A precautionary voluntary boil advisory is in effect until further notice. This will allow for a required bacterial test to ensure the system is safe. Customers are encouraged to follow the safety guidelines below.

- Boil water vigorously for three minutes prior to use for cooking and drinking.
- Let water cool sufficiently before drinking.
- Disinfect food contact surfaces (dishes) by immersing them for at least one minute in clean tap water that contains one teaspoon of unscented household bleach per gallon of water.
- Dispose of ice cubes and remake with water that has been boiled.
- Water used for bathing does not need to be boiled.
