

**ARKANSAS PUBLIC SERVICE COMMISSION**1<sup>st</sup> Revised \_\_\_\_\_ Sheet No. 36

Replacing: ORIGINAL \_\_\_\_\_ Sheet No. \_\_\_\_\_

The Empire District Electric Company d/b/a Liberty-Empire  
Name of CompanyKind of Service: Electric Class of Service: AllPart III Rate Schedule No. 17Title: **COGENERATION PURCHASE RATE (RIDER CP)**

PSC File Mark Only

**17. COGENERATION PURCHASE RATE****17.1. AVAILABILITY:**

This schedule is available to cogenerators who have a maximum rated capacity of 100 kW or less and have signed a Purchase Agreement with the Company.

**17.2. PURCHASE RATE:**

Capacity Charge:

Per kW, per month ..... \$5.82

This capacity charge will be prorated on a monthly basis based on the cogenerators monthly load factor.

Capacity payments will not be provided until a capacity addition is actually avoided on the Empire system.

Energy Charge:

Summer Season, per kWh ..... \$ 0.0602

Winter Season, per kWh..... \$ 0.0563

The Summer Season will be the four months of June through September, and the Winter Season will be the eight months of October through May.

**17.3. DETERMINATION OF BILLING DEMAND:**

The Billing Demand will be determined from the highest hourly kilowatt demand registered during the month by a suitable demand meter.

**17.4. METERING:**

The Cogenerator shall be responsible for any unusual metering costs and interconnection costs as set forth in the Purchase Agreement.

**17.5. CONDITIONS OF SERVICE:**

17.5.1. The Cogenerator must have a signed Purchase Agreement with the Company.

17.5.2. The Company Policy Schedules and Arkansas Public Service Commission Rules on Cogenerators are a part of this schedule.
