

Save up to \$550 on HVAC upgrades

As a Liberty Missouri residential electric customer, you can take advantage of rebates when you purchase qualified energy-saving heating and cooling equipment.*

How it works:

1. Contact a Liberty authorized trade ally from the list provided on our website
2. The authorized trade ally will install your new, qualified, energy-efficient equipment, complete the rebate form, and submit it on your behalf
3. You will receive a check for the rebate amount in the mail

For details, visit libertyutilities.com/moenergyprograms/ or call 1-833-286-0861.

*Rebates available to Liberty Missouri electric customers only. Rebate forms must be submitted by the authorized trade ally.

Rebates available for businesses large and small

Liberty's commercial and small business programs offer rebates* on a variety of energy-saving products and equipment that can help you lower your operating costs.

Benefits for your business include:

Reduced energy use and minimized costs

Fast return on investment, as quick as two years

Streamlined operations and enhanced workplace productivity and employee comfort

Find out more about how your business can benefit and all the available rebates at libertyutilities.com/moenergyprograms/ or call 1-833-286-0861.

*Rebates available to Liberty Missouri electric customers only.
