APP	21 Status before payment is \$155.76, after payment in full \$6.40. This account will be reevaluated in October.	

- 8) 11-digit location number to report outages or to use automated account information by phone.
- 9) Service address - this is important for customers who have multiple accounts with the company.
- 10) Meter number, previous meter read, current meter read, and usage information.
- 11) The company service includes a fixed monthly customer charge, no matter how much electricity is used.
- 12) The usage charge is for the kilowatt hours (KWH) used by a customer. The charge for each KWH used from June 16 through October 15 is \$0.13582 per KWH. For the remaining 8 months of the year the first 600 KWH used are charged the rate of \$0.13582 and \$0.10938 for each KWH thereafter.
- 13) The cost to provide programs for customers to improve the energy efficiency of their homes and businesses.
- 14) The Energy Efficiency Investment Cost is for the recovery of costs associated with delivering and administering the MEEIA energy efficiency programs, which help customers lower their energy consumption and improve the quality of their homes.
- 15) A contractual fee required for the company to use the city public right-of-ways.
- 16) The charge for the difference between fuel and purchased power costs established in the current rate structure and the actual fuel and purchased power costs incurred by the company. This rate changes twice a year. If fuel costs are less than what is established by the current rates, customers will see a credit in the Fuel Charge line. The cost includes no mark-up or profit for the company.
- 17) Taxes, fees, and other assessments.
- 18) Total charges for the billing period.
- 19) APP, average payment plan, is a payment contract that calculates a customer's expected annual usage and divides it into 12 equal payments. Each month one payment installment is due from the customer. At the end of 12 months the actual usage is reviewed and a customer's contract and installments are adjusted for the next 12 months.
- 20) The amount due from the customer by the due date.
- 21) Important information about a customer's payment contract.
