Information for Kansas Customers

Security Deposit

Rules and regulations on file with the Corporation Commission provide that Liberty may request a security deposit from new customers if the customer has an unsatisfactory credit rating or insufficient prior credit history, the customer has failed to pay an undisputed bill with another utility, or if the customer has interfered with or diverted utility service in an unauthorized manner within the last 5 years. For existing customers, upon 5 days written notice, the Company may require a deposit if the customer has failed to pay an undisputed bill with the utility, or if the customer has interfered with or diverted the service of the Company, or if the customer fails to pay an undisputed bill before the delinquency date for three (3) consecutive months, one of which is at least 30 days in arrears.

The amount of the cash deposit or surety bond for residential or small non-residential customers shall not exceed the amount of a projected average two month's bills. For other customers, the deposit or surety bond shall not exceed the projected largest two month's bills.

A bill is delinquent if payment is not received on or before the date printed on the bill. Post-marked dates on payments made by mail are not a controlling factor. Payments must be actually received by our Company or its agent before the due date on the bill or late payment charges will be assessed. A 2% late charge will be added to the bill if paid after the delinquent date.

Liberty will provide a ten day written notice before service is disconnected for nonpayment of undisputed bills. Other information pertaining to disconnects is outlined in the Rules and Regulations, which are available for review in Liberty offices or at the State Corporation Commission, 1500 SW Arrowhead Road, Topeka, KS 66604.

Deposits will be refunded upon termination of service or when customers meet the guidelines for a refund. Residential deposits will be applied to the customer's account when 10 out of the last 12 bills were paid on time. Small non-residential deposits shall be applied when 20 of the last 24 bills were paid on time. Large non-residential deposits will be retained until termination of service.

Authorized Payment Options

As a convenience, a self-addressed return payment envelope is provided with each monthly statement so that payment may be mailed directly to a Liberty payment processing location. Mailed payments will be processed as of the date received at Liberty.

Bill payments may be accepted at any Liberty payment facility or at any authorized payment agent as listed below. For more information about Liberty payment facilities and authorized payment agents, call 1-800-206-2300 or visit libertyenergyandwater.com

Automatic Bank Draft (ACH) is available. To enroll, log in to your Liberty My Account and complete the online enrollment form, or contact Liberty's Customer Care team by phone at 1-800-206-230 or visit libertyenergyandwater.com. (No fee)

Liberty accepts credit card payments through its authorized payment source. Visit libertyenergyandwater.com or contact Liberty at 1-800-206-2300 for details. A convenience fee per transaction may be charged by the authorized agent.

Making payments through any non-Liberty authorized payment agent or source, such as an electronic funds transfer payment through a personal banking institution, may result in late or delayed payment processing, late fees and/or disconnect notices.
