- 8) Service address - this is important for customers who have multiple accounts with Liberty.
- 9) Meter number, previous meter read, current meter read, and usage information.
- 10) Liberty service includes a fixed monthly customer charge, no matter how much electricity is used.
- 11) The usage charge is for the kilowatt hours (kWh) used by a customer. The charge for the summer season, June 16 through September 16, is \$0.07673 for the first 600 kWh and \$0.08109 for each kWh thereafter. The charge for the first 600 kWh used by a customer is \$0.07591 and \$0.06402 for each kWh thereafter in the winter season – September 17 through June 15.
- 12) The charge for the difference between fuel and purchased power costs established in the current rate structure and the actual fuel and purchased power costs incurred by the company. This rate changes twice a year. If fuel costs are less than what is established by the current rates, customers will see a credit in the Fuel Charge line. The cost includes no mark-up or profit for the company.
- 13) This charge covers the amount paid by the company to the Southwest Power Pool for the use of their transmission right-of-ways and the delivery of electricity to your home.
- 14) A contractual fee required for the company to use the city public right-of-ways.
- 15) The credit based on the Tax Cuts and Jobs Act tax reform of 2017.
- 16) Taxes, fees, and other assessments.
- 17) Total charges for the billing period.
- 18) The amount due from the customer by the due date.
