GREEN-E ENERGY RENEWABLE GENERATOR REGISTRATION FORM AND ATTESTATION

I. Facility information

Name of Generation Facility ("Facility"): Elk River

Company or Person that Owns Facility ("Seller"): Elk River Windfarm, LLC

Address of Facility: 15936 SE 190th, Latham, KS 67072

North American Electricity Reliability Corporation (NERC) region in which Facility is located: SPP

Facility ID Number: 56303 EIA or QF? (check one) Nameplate Capacity (MW): 150

Date Facility was First Operational: 12/15/2005 Date of Capacity Upgrade or Repowering: __/__/__

Contact Person: Zina Parks

Telephone: 503-796-7158 Email Address: zina.parks@avangrid.com

II. Renewable electricity or RECs supplied to Purchaser indicated below, by fuel type

On the table below, list the renewable megawatt-hours (MWh) sold or transferred to Purchaser, broken down by quarter of generation in separate rows:

<table>
<thead>
<tr>
<th>Fuel Type</th>
<th># MWh RECs / Renewable Elec. Sold</th>
<th>Period of Generation (quarter/yy or mm/yy)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wind</td>
<td>**</td>
<td>Q1/2019</td>
</tr>
<tr>
<td>Wind</td>
<td>**</td>
<td>Q2/2019</td>
</tr>
<tr>
<td>Wind</td>
<td>**</td>
<td>Q3/2019</td>
</tr>
<tr>
<td>Wind</td>
<td>**</td>
<td>Q4/2019</td>
</tr>
</tbody>
</table>

1 If you are unsure of which region Facility is in, see http://www.nerc.com/regional/

2 Enter Energy Information Administration (EIA) identification number for the generating facility; if no EIA number, enter the utility-assigned Qualifying Facility (QF) identification number.

4 Renewable Energy Certificates, which represent the renewable attributes of 1 MWh of renewable electricity generation.

5 If using biomass fuels, list out the specific type (i.e. landfill gas, wood waste, etc.) and fill in section IV below.

March 2017 Green-e Energy Renewable Generator Registration Form and Attestation Page 0 of 3

PUBLIC VERSION
III. Declaration

I, (print name and title) Ryan Ohira, Risk Control, declare that the ☐ renewable electricity (electricity bundled with renewable attributes) / ☒ renewable attributes only⁶ (check one) generated by Facility during the Period of Generation were sold exclusively from Seller to Empire District Electric Company ("Purchaser").

I further declare that:

1) all the renewable attributes (including CO₂ benefits), including any emissions offsets, reductions or claims, represented by the renewable electricity generation listed above were transferred to Purchaser⁷;
2) to the best of my knowledge, the renewable attributes were not sold, marketed or otherwise claimed by a third party other than Purchaser;
3) Seller sold the renewable attributes only once;
4) the renewable attributes or the electricity that was generated with the attributes was not used to meet any federal, state or local renewable energy requirement, renewable energy procurement, renewable portfolio standard, or other renewable energy mandate by Seller, nor to the best of my knowledge, by any other entity other than Purchaser⁸;
5) the renewable electricity sold or electricity associated with the attributes sold was not used on-site for powering electric generation equipment (parasitic load);
6) if Purchaser is receiving electricity bundled with renewable attributes from Seller, the renewable electricity was delivered into the NERC region in which Facility is located;
7) the electricity that was generated with the attributes was not separately sold, separately marketed or otherwise separately represented as renewable energy by Seller, or, to the best of my knowledge, any other entity other than Purchaser.

Please indicate the following:

Is Facility owner reporting its direct greenhouse gas emissions in a legally binding cap and trade program for the time period of generation listed on this form?

☐ Yes⁹ list the cap and trade program: ____________________
☐ No

If Seller is providing only RECs to Purchaser and selling the associated electricity to a utility or load-serving entity, please write the name of the utility or load-serving entity here: ____________________

---

⁶ If selling renewable attributes to Purchaser without electricity, please fill in the name of the load serving entity buying the undifferentiated electricity, if applicable, at the bottom of this Declaration section.
⁷ The carbon attribute associated with capture and destruction of biogenic methane is not required to be included with renewable electricity generation and may be sold separately in the form of an offset if an appropriate offset calculation methodology is used; see Section II.A.5 of the Green-e Energy National Standard.
⁸ Renewable attributes used by Purchaser for any of the purposes listed in 4) are ineligible for Green-e Energy certification.
⁹ In this case the renewable energy or RECs reported on this form may be ineligible for Green-e Energy certification. For more information, contact Green-e Energy Staff at 415-561-2100.

IV. Additional statement required for and applicable to biomass facilities only
1) I attest that no more than five percent (5%) fossil fuels and other fuels that are not Green-e Energy eligible, measured on a BTU basis, were used, including as a start-up, pilot or supplemental fuel, to produce the electricity and/or RECs in the above Green-e Energy eligible biomass generation plant or biomass boiler;
2) I attest that this facility was in substantial compliance with its operating permit regarding emissions during the Period of Generation reported above;
3) I attest that if this facility is subject to New Source Review (NSR), it was compliant with all standards pertaining to NSR during the period of generation reported above; and
4) I attest that Seller owned the renewable and environmental attributes of the biomass fuels I have listed in the table below at the time of the fuel's use for electricity generation.

GREEN-E ENERGY RENEWABLE GENERATOR
REGISTRATION FORM AND ATTESTATION

I. Facility information

Name of Generation Facility ("Facility"): Meridian Way Wind Farm
Company or Person that Owns Facility ("Seller"): Cloud County Wind Farm, LLC
Address of Facility: 1409 Iron Road, Suite A Concordia, KS 66901

North American Electricity Reliability Corporation (NERC) region in which Facility is located: SPP
Facility ID Number: 56784 ☑ EIA or ☐ QF? (check one) Nameplate Capacity (MW): 105
Date Facility was First Operational: 12/05/2008 Date of Capacity Upgrade or Repowering: __/__/____
Contact Person: Bryan Maynard Title: Settlements Analyst
Telephone: (713) 217-2620 Email Address: bryan.maynard@edpr.com

II. Renewable electricity or RECs supplied to Purchaser indicated below, by fuel type

On the table below, list the renewable megawatt-hours (MWh) sold or transferred to Purchaser, broken down by quarter of generation in separate rows:

---

1 If you are unsure of which region Facility is in, see http://www.nerc.com/regional/
2 Enter Energy Information Administration (EIA) identification number for the generating facility; if no EIA number, enter the utility-assigned Qualifying Facility (QF) identification number.
4 Renewable Energy Certificates, which represent the renewable attributes of 1 MWh of renewable electricity generation.
### III. Declaration

I, Brian Hayes, Executive Vice President, Asset Operations, declare that the ☑ renewable electricity (electricity bundled with renewable attributes) / ☐ renewable attributes only\(^6\) (check one) generated by Facility during the Period of Generation were sold exclusively from Seller to The Empire District Electric Company ("Purchaser").

I further declare that:
1) all the renewable attributes (including CO\(_2\) benefits), including any emissions offsets, reductions or claims, represented by the renewable electricity generation listed above were transferred to Purchaser;
2) to the best of my knowledge, the renewable attributes were not sold, marketed or otherwise claimed by a third party other than Purchaser;
3) Seller sold the renewable attributes only once;
4) the renewable attributes or the electricity that was generated with the attributes was not used to meet any federal, state or local renewable energy requirement, renewable energy procurement, renewable portfolio standard, or other renewable energy mandate by Seller, nor to the best of my knowledge, by any other entity other than Purchaser;\(^7\)
5) the renewable electricity sold or electricity associated with the attributes sold was not used on-site for powering electric generation equipment (parasitic load);
6) if Purchaser is receiving electricity bundled with renewable attributes from Seller, the renewable electricity was delivered into the NERC region in which Facility is located;
7) if Facility is located in Canada, it is EcoLogo certified and was throughout the Period of Generation; and
8) the electricity that was generated with the attributes was not separately sold, separately marketed or otherwise separately represented as renewable energy by Seller, or, to the best of my knowledge, any other entity other than Purchaser.

\(^5\) If using biomass fuels, list out the specific type (i.e. landfill gas, wood waste, etc.) and fill in section IV below.

\(^6\) If selling renewable attributes to Purchaser without electricity, please fill in the name of the load serving entity buying the undifferentiated electricity, if applicable, at the bottom of this Declaration section.

\(^7\) Renewable attributes used by Purchaser for any of the purposes listed in 4) are ineligible for Green-e Energy certification.
Please indicate the following:

Is Facility owner reporting its direct greenhouse gas emissions in a legally binding cap and trade program for the time period of generation listed on this form?

☐ Yes, list the cap and trade program: ________________
☐ No

If Seller is providing only RECs to Purchaser and selling the associated electricity to a utility or load-serving entity, please write the name of the utility or load-serving entity here: ________________

☐ Check box if sale is part of a Qualifying Facility (QF) contract

IV. Additional statement required for and applicable to biomass facilities only

1) I attest that no more than five percent (5%) fossil fuels and other fuels that are not Green-e Energy eligible, measured on a BTU basis, were used, including as a start-up, pilot or supplemental fuel, to produce the electricity and/or RECs in the above Green-e Energy eligible biomass generation plant or biomass boiler;

2) I attest that this facility was in substantial compliance with its operating permit regarding emissions during the Period of Generation reported above;

3) I attest that if this facility is subject to New Source Review (NSR), it was compliant with all standards pertaining to NSR during the period of generation reported above; and

4) I attest that Seller owned the renewable and environmental attributes of the biomass fuels I have listed in the table below at the time of the fuel’s use for electricity generation.
