17. COGENERATION PURCHASE RATE

17.1. AVAILABILITY:

This schedule is available to cogenerators who have a maximum rated capacity of 100 kW or less and have signed a Purchase Agreement with the Company.

17.2. PURCHASE RATE:

Capacity Charge:

Per kW, per month \$7.17

This capacity charge will be prorated on a monthly basis based on the cogenerators monthly load factor.

Capacity payments will not be provided until a capacity addition is actually avoided on the Empire system.

Energy Charge:

Summer Season, per kWh \$ 0.0218

Winter Season, per kWh..... \$ 0.0239

The Summer Season will be the four months of June through September, and the Winter Season will be the eight months of October through May.

17.3. DETERMINATION OF BILLING DEMAND:

The Billing Demand will be determined from the highest hourly kilowatt demand registered during the month by a suitable demand meter.

17.4. METERING:

The Cogenerator shall be responsible for any unusual metering costs and interconnection costs as set forth in the Purchase Agreement.

17.5. CONDITIONS OF SERVICE:

17.5.1. The Cogenerator must have a signed Purchase Agreement with the Company.

17.5.2. The Company Policy Schedules and Arkansas Public Service Commission Rules on Cogenerators are a part of this schedule.
