THE EMPIRE DISTRICT ELECTRIC COMPANY

Name of Company

Kind of Service: Electric Class of Service: Lighting

Part III Rate Schedule No. 10

Title: PRIVATE LIGHTING SERVICE (Schedule PL)

PSC File Mark Only

Additional Charge for installations requiring additions to, or rearrangement of, existing facilities:

Regular wood pole, per month	\$ 1.00
Guy and anchor, per month	1.00
Overhead conductor, three wire, per foot, per month	.01
Other (miscellaneous) per month	1.5% of the estimate
	Installed cost thereof
Transformer (5kVa) per month	1.33
Floodlight Visor, per month	1.60

For installations requiring a large expenditure for additions to, or rearrangements of existing facilities, the total additional charge may be computed at 1-1/2% of the estimated installed cost thereof per month. Such estimated installed cost excludes the estimated installed cost of materials required for standard construction (see Conditions of Service, No. 1, below).

- 10.3. ENERGY COST RECOVERY:
The above energy charge will be adjusted in an amount provided by the terms and provisions of Rate Schedule 16, Energy Cost Recovery, Rider ECR. (RT)
- 10.4. PAYMENT:
Bills will be due on or before fourteen (14) days after the mail date of bill. (CT)
- 10.5. GROSS RECEIPTS, OCCUPATION OR FRANCHISE TAXES:
There will be added to the Customer's bill, as a separate item, an amount equal to the proportionate part of any license, occupation, franchise, or other similar fee or tax now or hereafter imposed upon the Company by any municipality or any other governmental authority, whether imposed by ordinance, franchise, or otherwise, in which the fee or tax is based upon a percentage of gross receipts, net receipts, or revenues from the sale of electric service rendered by the Company to the Customer. Bills will be increased the proportionate amount only in service areas where such tax is applicable. See Tax Adjustment Rider. (CT)
- 10.6. CONDITIONS OF SERVICE: (CT)
- 10.6.1. Standard Street Light Construction will consist of a Standard Company Street Lighting Fixture with a lamp, ballast, bracket, control device, wire and hardware mounted on existing poles and on existing secondary circuits. (CT)
- 10.6.2. Standard Floodlighting Construction will consist of a Standard Company Floodlighting Fixture with a lamp, ballast, bracket, control device, wire and hardware mounted on an existing pole and on existing secondary circuits. (CT)
- 10.6.3. All lamps will burn every night from dusk to dawn, subject to a time allowance of three (3) work days after notice is given to Company for maintenance and lamp renewals. (CT)
- 10.6.4. The facilities installed by the Company will remain the property of the Company. (CT)
- 10.6.5. The term of service for Standard Construction will not be less than one (1) year. Intermittent or seasonal service will not be provided. (CT)
- 10.6.6. Where additional or rearrangement of facilities are required, the service may be terminated after one (1) year by the payment of an amount equal to the investment in these facilities less 20% of the monthly charges already paid by the Customer to the Company. After five (5) years' service, no termination charge will be required. (CT)
- 10.6.7. Bills for service will be rendered monthly. (CT)
