

- This program is designed to assist customers of Liberty Utilities – Empire District TO reduce their natural gas use for water heating by providing incentives to install a high efficiency system. These incentives will cover a portion of the incremental cost of new equipment.
- Eligible customers are current customers of Liberty Utilities – Empire District with an active account who are being served under either the Company’s residential or small commercial rates. This program is also available for new construction. Therefore, eligible customers include builders, developers, and residential and commercial property owners who purchase a qualifying efficient natural gas water heating system and install it within the service territory of Liberty Utilities – Empire District.
- This program is not available to inactive and final bill accounts.
- To qualify, a water heater must meet or exceed ENERGY STAR® certification standards as outlined below:

Equipment Rating*	Rebate Amount
Tank Water Heater (meeting current ENERGY STAR EF)	\$75
Tankless Water Heater (meeting current ENERGY STAR EF)	\$200

*EF (energy factor) measures how efficiently a natural gas water heating system will operate. A higher EF reflects a more efficient system.

- To receive the rebate:
 - Complete the following application form.
 - Submit an invoice from the installing contractor that includes the applicant’s name, physical address of the equipment installation, the manufacturer, and model number.
- Rebates are available on a “first-come, first-served” basis, as long as funds last, to Missouri gas residential and small commercial customers of Liberty Utilities – Empire District, to builders and developers of homes in Liberty - Empire’s Missouri gas service territory. Applications must be received within 60 days of installation.

For additional information, contact Liberty Utilities – Empire District by phone at 800-424-0427 or by email at energy.efficiency@libertyutilities.com.
