

**Friday, May 23, 2025: Attention Liberty water customers in Forsyth and Rockaway Beach, Mo.**

Due to a leak in the system, customers served by our Red Rock well in Forsyth and Rockaway Beach, Missouri, are under a precautionary, voluntary boil advisory. The advisory will be in effect until further notice to allow for a required bacterial test to ensure the system is safe. Customers are encouraged to follow the safety guidelines below.

During a boil advisory, it is recommended that customers:

- Boil water vigorously for three minutes prior to use for cooking or drinking.
- Let water cool sufficiently before drinking.
- Disinfect food contact surfaces (dishes) by immersing them for at least one minute in clean tap water that contains one teaspoon of unscented household bleach per gallon of water.
- Dispose of ice cubes and remake with water that has been boiled.
- Water used for bathing does not need to be boiled.

Liberty personnel will be distributing water for affected customers at noon today at Calvary Full Gospel Church, 1289 Sundown Lane, in Forsyth.
